REFERENCE: Enclosed letter, David Clark Company, dated
February 18, 1959

Dear [REDACTED] 25X1A9a

We are enclosing a copy of a letter recently received from the David Clark Company with regard to cancellation charges applicable to Production Lists 58-15, 58-12, and 58-11. The corresponding David Clark Purchase Orders are as noted in their letter, P.O. 18030, P.O. 17602, and P.O. 17234.

I have checked the Contract and find that no provision has been made for termination charges. Will you please advise us as to whether we shall include these termination charges against their respective Production Lists, or whether you will issue a new Production List to cover the termination charges which represent those costs which the David Clark Company could not divert to other projects.

Very truly yours,
